

ROCK POP WEEK

YTA DRAMA TASKS 20.06.20

TASK

This week you are invited to create your own music video to a rock song of your choice. You might like to recreate one you have already watched or dress up as a favourite rock star. Here are a few ideas to get you started. You can use some or all of them or you may have your own. Feel free to be as creative as you like!

Rock Video Ideas:

- Dress up as your favourite rock star. Look for items around your home such as denim, leather jackets, instruments, sunglasses and wigs!
- Recreate a well known rock video
- Use TikTok to create a rock pop clip
- Use mime and strong facial expressions
- Get your air guitars out – or real ones if you have them
- Play more than one character in your video – e.g drummer, singer, guitarist etc...
- You might like to ask family, friends or even pets to star in your video with you
- Create a backdrop for your video. You could do this on card, paper or even electronically!
- Get an older sibling or parent to help you with filming and editing your video. There are lots of free apps that you can use to help with this. iMovie and TikTok are fairly easy to use for editing films.
- Have fun!!

Remember to send in your videos to us at YTA – we can't wait to see them!
